

Where Is The Internet Going?

An analyst I used to follow in my investment days, [Henry Blodget](#), is now an editor for [Business Insider](#), and his own company has been on top of the internet space since the beginning. I like hearing what he has to say because he has had so many years watching the ups and downs of the firms in this space, and he offers good insight into where these companies are going.

Business Insider recently held its annual IGNITION conference with great speakers from [LinkedIn](#), [Google](#), [Groupon](#), and [Time Warner](#).
