

2 Questions for Warren Buffett

I discovered some interesting reading in [Warren Buffett's](#) recent annual report from Berkshire Hathaway. I have read this report for years and always find it to contain valuable information. I found some of his [comments](#) in this recent report rather intriguing given how he threw himself out to be a political ping pong as of late.

When you open the [report](#), one thing stands out right away. Just look at how Berkshire's performance compares to the S&P 500 from 1964 to 2011. The difference is astronomical.
