

Time Has Limitations, But You Don't!

Being an entrepreneur, I have a mind set to create something better and to “[maximize](#)” the future. One of the things that I like to maximize is time. The problem with that is time is not scalable; it cannot be expanded with increased use. What do we

do then? Since you and I can't change the fact that we all have 24 hours to utilize in a day, we need to approach it differently.

Are You Living Your Passion?

As an entrepreneur, you are never very far from your business. No matter where you are or what you're doing, it's always with you, slipping into your consciousness. You might be in the shower, lounging on the deck, on an airplane with everyone around you snoozing or out on the

lake...your mind will still be spinning on the latest issue or the next big opportunity. When you're passionate about what you do, you have an advantage because you're energized and

motivated to give it the extra thought that helps keep you ahead of the game.
