What are your dreams?

What an interesting week! Last week, I traveled to New York City to participate in the Entrepreneurs' Organization Injected Campus event, which brings the regional EO Forums together. We met in lower Manhattan to be close to the New York Stock Exchange.

This year during our event, the NYSE opening bell was rung by InvenSense, a company that makes the motion possible in the Wii and in smartphones. InvenSense was launching their IPO and was going public. I had always wanted to be there in person to see the opening bell, but it also made me think of my own dream of being up there to ring the bell with the IPO launch of my own company. That evening, it felt a little closer as my friends on the Global EO Board got to be on stage and ring the closing bell! WOW! Click here to see the video I took of the opening bell.
